The screenshot displays the IBM Cloud home page dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The page features a dark-themed sidebar on the left with navigation icons. The main content area is titled 'Dashboard' and includes a search bar and a 'Create resource' button. Below this, a 'For you' section presents six cards: 'Build', 'Get Started with the CLI', 'Set up your IBM Cloud account', 'Build a web app with Watson Speech to Text', 'Discover the Watson Internet of Things (IoT) Platform', and 'Explore tutorials'. Each card provides a brief description and a 'Getting started' link with a time estimate. The bottom section contains four tiles: 'News', 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status', each with a 'View all' link. The footer shows the system clock at 7:40 PM on 05 Nov-22 and the language set to English (IN).
